

# **RED, WHITE & BOOM NIGHT OF DESTRUCTION**

## **JUNE 29, 2024**

Drivers (including crew if applicable) must sign a waiver to participate in any event.

Drivers must complete a Driver Information Form.

Drivers must complete and sign a W-9 form to be paid (unless one is already on file for 2024).

Payout will be by check the night of the event.

All drivers (including crew if applicable) must purchase a pit pass.

Adult pit passes are \$35; Junior pit passes (12 and under) are \$15.

Drivers must be at least 14 years old.

All participants must go through a tech inspection two hours prior to show time.

All participants must have registered at the pit gate no later than 5:00 PM.

Mandatory Drivers' meeting at 5:15 PM.

Track officials' decisions are final in all instances (eligibility, race outcomes, unsportsmanlike conduct, etc.)

These types of events are designed to be fun for the audience as well as the participants; however, safety always comes first. No one gets hurt.

- 🌸 Full face helmet and fire suit tops are required. Driver must provide his/her own helmet.
- 🌸 No open toed shoes are allowed in the pit area.
- 🌸 Jeans (no cut offs) are required in the absence of a full fire suit.
- 🌸 Shoulder and lap belts are required and must be used; a racing harness is highly recommended.
- 🌸 Participants must ensure safety equipment is correctly installed, maintained, and properly used.
- 🌸 Although not required, air bags should be removed.
- 🌸 No alcohol, illegal drugs or recreational drugs allowed in the pit area.
- 🌸 Driver door hits or head on hits are not permitted. Drivers violating these restrictions will be disqualified.

## **PARTICIPANT EVENTS (INCLUDING PAYOUT)**

## **TRAILER RACE**

### **Tow Vehicles**

1. Street legal pickups, minivans or SUVs. No cars will be allowed. No semi's, box trucks, duallys or overly beefed up vehicles.
2. If a tow vehicle is deemed inappropriate or unsafe, it will not be permitted on the track. Kalamazoo Speedway has the right to allow or disallow any vehicle.
3. All side glass must be removed or rolled down 100%. Windshield or rear windows are optional.
4. A steel door plate (highly recommended) may be welded or bolted over the driver's side door.
5. The driver's door must be chained or welded shut. It is highly recommended that all doors are chained or welded shut.
6. All tow vehicles must have working brakes.
7. No solid filled tires. DOT highway tires are required.
8. Tow vehicles and trailers must start out the race with no flat tires or bare wheels.
9. No added weight on tow vehicles.
10. No passengers are allowed in the tow vehicle.

11. No changing of drivers is permitted.
12. This is a novelty race; professional trailer race vehicles can sit this one out.

### Trailers

1. Minimum trailer size is **6 feet wide by 10 feet long** (tongue to rear of trailer).
2. The trailer must weigh a **minimum of 350 pounds**.
3. All trailers must be securely fastened to the tow vehicle.
4. Small campers and pop up campers permitted.
5. Nothing can be dragging on the ground at the start of the race.
6. The trailer axel and the tires/wheels must remain attached to the trailer, or the driver will be disqualified.
7. Boat motors or excessive trash must be removed from the trailer before the start of the race.
8. All fuel tanks, propane tanks and batteries must be removed before racing.
9. Ball type or hitch pin type hitches are permitted. No gooseneck trailers.
10. No solid filled tires. DOT highway tires are required.

### Race Rules/Objectives

1. During the race the objective is to separate the trailer of your competitors from their tow vehicle.
2. Drivers who lose their trailer or object that was secured to the trailer at the start of the race will be disqualified and must exit to the pit area.
3. The trailer axle including the tires (or wheels) must remain attached to the trailer or the driver will be disqualified.
4. No tow vehicle to tow vehicle hits allowed. Tow vehicles may only hit trailers. Vehicle to vehicle hits will result in the driver being disqualified.
5. The race will run 20 laps or until only one vehicle (with intact trailer) remains and crosses the finish line, whichever comes soonest.
6. The number of laps may be increased to one lap per entry if there are more than 20 entries.
7. The driver with the most original and best-looking trailer starts on the pole.
